MORNINGELYRIA, Feb. 2.—Charles
Castle and Edward Robinson
both of this city, were each
bound over to the grand jury
under \$500 bail, on a charge
of house-breaking, after being
trapped in a Northrup
street home last night.Mr. and Mrs. J. J. Buswell of
Prospect street swore out the warrant
for their arrest.

Door Locked

According to the testimony given
by F. H. Prentice, it appears
that at eight o'clock last night,
Mr. Prentice, the caretaker of a
house at 202 Northrup street, locked
the house and drove away. At
8:30 he returned and found the
lock broken off the front door.
Upon entering the house he hearda noise on the second floor. He
went upstairs to investigate. See-
ing no one, he went on to the at-
tic. There he found both Castle
and Robinson.When questioned by Mr. Prentice
why they were there, they re-
plied that they were "seeking in
some heat."Home Without Fire
Mr. Prentice testified that there
was no fire in the house as no one
was living there at the time.Further investigation revealed
that a padlock on the rear door
had also been broken.Castle and Robinson admit go-
ing in the house but deny break-
ing the lock. They also admitted
being acquainted with a gang of
persons, whose reputations were
questionable.Sign Petitions to

HEARING WITH VIEW OF HAVING
THEM DEFEND THEIR RECORDLA GRANGE, Feb. 2. — That
former Supt. C. T. Jacobs; of the
La Grange public schools, is not
without friends who are not satis-
fied with the action of the board of
that village in accepting his resig-
nation has become very evident.Several petitions are in circula-
tion in the village asking that he
be re-instated to his former posi-
tion. These petitions it is stated
have been quite generally signed, at
least one having more than fifty
names on it, containing the names
of some of the best known residents
of La Grange.Just what action the board will
take on the petition is not known,
but it will be presented to them
and it is quite likely that a special
meeting will be called to consider
them.Had the school board given its
reason for demanding the resig-
nation, the public would have been in
a better position to judge as to
whether or not they were justified.H. S. CALVERT TELLS CLUB
WILD SPECULATION CAUSED
DEPRESSION OF BUSINESSELYRIA, Feb. 2.—"Residents of
ELYRIA and vicinity spent one mil-
lion dollars in 1920 for wildcat
stocks," said Harry S. Calvert, of
the Elyria Enamel Products com-
pany in his address before the
Young Men's Business club, Tues-
day night, in an address on Busi-
ness Neighbourliness."Lying literature" was the cause
of the expenditure of a sum equal
to 7 per cent of the resources of
ELYRIA's banks, according to the
speaker. He stated that such specu-
lation was one of the principal
reasons for the present business de-
pression."Man has other duties besides at-
tending to business," said Mr. Cal-
vert. "I am personally acquainted
with an Elyria family in which for
a period of three to four years, the
salaries of a father and two sons
totalled \$23 a day. They invested
their earnings in an auto, a player
piano, fur coats, etc., and today are
in want, simply because they made
no effort to save. America needs
dealers who will warn their cus-
tomers against indiscretion in buy-
ing."Mr. Calvert said that for several
years, Japan had borrowed Ameri-
can capital and had used it to raise
the price of silks. "Capital is nec-essary but should be used honestly,"
he said. "The man who steals
within the law, is no better than
the man who uses a gun.""Europe may have to clean house
first, but they will soon have to
come to America for manufactured
articles. This will cause a revival
of American industries."In conclusion he said, "The motto
for American business should be,
Preach, Teach and Live Honestly."Preceding his address, Mr. Cal-
vert stated that he will soon make
ELYRIA his permanent home. At
present his residence is in Pitts-
burgh.Reports from committees were
heard. The entertainment commit-
tee reported that a play, "The Zone
Police," would be presented March
1, in the club room, by members of
the organization.Lawrence Webber obliged with
two vocal solos. Ben Schubert at
the piano, furnished music through-
out the evening.Before adjourning, Mr. Webber
announced that the Womens Civic
League is going to give a benefit
dance, Monday night in Elks' hall.
The proceeds are to be used to send
a worthy young man to college. Ad-
mission will be three dollars.GERMANS' CHEER

Agrees to Draft Pro-
postal to EntenteBERLIN, Feb. 2.—Germany does
not consider the terms of repa-
ration decided upon by the supreme
allied council at Paris last week
as being the final settlement of the
indemnity question, but the basis
of future negotiations. This was
indicated by Dr. Walter Simons,
foreign minister, who spoke on
the reparations question before the
reichstag yesterday.His address was viewed as a
cautious statement by party lead-
ers who were willing to formally
discuss it in the lounging room
of the reichstag after the session
had adjourned. The prevalent
opinion was that Dr. Simons had
not burned his bridges behind
him, and that his presentation of
the German attitude might enable
him to gain important time, both
in anticipating the attitude of the
new American administration and
in reaching a definite settlement
of the rate of Upper Silesia."The reparations demands are
above all, a blow at the German
"orkingman," Dr. Edouard Da-
vid, majority socialist leader and
former member of the ministry,
declared in talking with The As-

ing, indicted by the grand jury on
a charge of robbery, surrendered
himself to Sheriff Backus, at the
court house this morning.Frieling is accused of being im-
plicated with John Wrobel, Andrew
Matusek and Alex Wyatt, in the
burglary of the Friedman store, at
Lorain. When he was indicted he
was working in Baltimore, Md., and
was notified by his parents and
asked to come back and answer the
charge. He did so, and was ar-
ranged before Judge Thompson.
He pleaded "not guilty" and was re-
leased on \$4,500.00 bail.INDIAN RIOTERS
CLASH WITH
POLICEALLAHABAD, India, Feb. 2.—
Further reinforcements have been
sent to the Rai Bareilly district,
where there is a recurrence of last
week's rioting. Several persons
have been wounded by police at
Fyzabad.Rioters estimated to number
tens of thousands, were said in Allah-
abad despatches last week to be
pouring into the Fyzabad district
with the intention of annihilating
the police. The situation was de-
scribed as serious and troops were
proceeding there from Lucknow.OVER \$2,000 COLLECTED
AS RESULT OF PENALTIESELYRIA, Feb. 2.—The 19 arrests
made in this city last month, netted
the police department \$2,190 in
fines and costs and the miscellan-
eous collections brought the total
figure up to \$2,196.05 for the
month.Wagers Offered to Effect That the
Groundhog Will Not See His ShadowThe prevailing odds offered in
this city today were two to one
that the groundhog would not see
his shadow and unless the sun
shines during the day there will be
six weeks of mild weather, pro-
viding the woodchuck knows his
business and does not "hole up"
again for the balance of the win-
ter.He is scheduled to abandon his
den today and satisfy himself as
to whether or not the ensuing six
weeks are to be severe or mild and
judging from the appearance of
the sky he will remain off the sur-
face of the ground for the balance
of the year.Candlemas Day is the correct
name for Ground Hog Day and is
universally observed by the Cath-
olic church, on which occasion
candles used on the altars and in
the homes of the faithful are
blessed.As it marks the expiration of
the winter season, it is customary
to observe that it is time to throw
half the candle and the candle
stick away, as the days from now
on will continue to grow longer.RIGHT OF FREE SPEECH WAS
CHAMPIONED BY PROFESSOROBERLIN COLLEGE INSTRUCTOR DELIV-
ERED AN INTERESTING ADDRESS AT
OPEN FORUM LAST EVENING AND
DECLARED FREE SPEECH WAS NEC-
ESSARY FOR SELF-PROTECTIONELYRIA, Feb. 2.—Professor
Semper, of Oberlin college, deliv-
ered a very interesting address at
the Open Forum conducted at Ma-
chinist's hall, last evening and gave
a very concise interpretation of his
views on the right of "Free Speech
and Free Assembly."His introductory remarks were to
the effect that he was neither a bol-
shevik nor a socialist, but that he
had begun to see that the present
economic system worked an injus-
tice to certain individuals and that
it would have to be modified by ex-
perts recruited from all classes.He observed that the officials of
his country are servants of the peo-
ple and that the voters are the mas-
ters, but instead of referring to
the government at Washington,
through the newspapers, we should
speak of the administration at the
national capital.The professor declared that no
government was safe unless free
speech was safe, as it was a pe-
culiar characteristic of the ideal de-
mocracy and should be permitted
for self protection.That the state, rather than the
church, is attempting to suppress
free speech, was another declara-
tion made by the speaker.A resolution was adopted urging
the creation of an Industrial Coun-
cil, to be composed of the Elyria &
Lorain Chambers of Commerce and
the Central Labor council and that
the meetings conducted by this
body be open to the public.ROTARY CLUB

SPEAKER HEREELYRIA, Feb. 2.—The local Ro-
tary club is making it possible for
the people of Elyria, to enjoy a
rare treat as on Thursday, Febru-
ary 3rd, they will bring Dr. Chas.
E. Barker of Washington, D. C., to
this city, where he will deliver
three addresses.The one to the ladies will be at
the First Congregational church at
3:30 p. m. and it will be free to all
on the subject "A Mother's Rela-
tion to Her Daughter."Dr. Barker is a very prominent
lecturer on the Redpath Chautau-
qua platform; and comes very
highly recommended as an unusu-
ally interesting speaker and holds
his audience spell-bound. He is
the only lecturer ever endorsed by
the Rotary Clubs of the United
States.The afternoon meeting will be
under the management of the Child
Welfare Department, of the Wo-
man's Civic Club, and it expects to
see the house packed to capacity.Dr. Barker will talk to the High
School pupils in the morning, his
subject to be "How to Make the
Most of Life."In the evening he will address
the Rotary Club, his subject to be
"A Father's Responsibility to His
Son."The following telegram from
President Harry O. Hunt, of the
Coshocton Rotary Club, was receiv-
ed here this morning and will con-
vey to Elyrians how the address de-
livered by Dr. Barker, was received
in that city.Coshocton, O., Feb. 2. '21.

usual petition was filed in court to-
day, when the Commissioners of
Huron county began action against
the commissioners of Lorain county,
to collect a bill of \$22.65.The petition alleges that on the
26th of August, the trustees of
Clarksville township, Huron county
learned that Alexander and Ada
Cowie, who had a legal residence
in Lorain county, requested relief
under the poor laws of the state,
and notified the superintendent of

move them to the infirmary here.
The Cowies objected, and the super-
intendent entered complaint with
the probate judge of Huron county,
and he issued a warrant ordering
them brought to Lorain county.This was done, and the expense
of transferring them here was cer-
tified to the Lorain county com-
missioners and they have refused to

SCORES OF CASES ARISING FROM
NORTHERN PART OF LORAIN COUN-
TY AND BURDEN WOULD BE RE-
MOVED FROM HIGHER COURTSSenator J. F. Burke, of this senatorial district is
sponsor for a bill introduced in the senate, Monday
which, if adopted by the legislature, will provide a Municipal
Court for the city of Lorain and the townships of
Black River and Sheffield.This action was taken after a delegation of business-
men and attorneys from Lorain, had presented such a
request to the judges of the common pleas court of Lo-
rain county and it is generally conceded that such a
court should be established in that fast growing city.The bill presented by Senator Burke, provides that
the city of Lorain, the two townships and the county,
shall share the burden incurred by the creation of such
a court and that the term of the judge, shall be for a per-
iod of four years.

Proposed Levy

It is further provided that the
judge shall be compensated to the
extent of not over \$5,000 per an-
num, nor less than \$4,000, the sal-
ary to be provided as follows:
\$1,200 to be paid by the county,
\$150 yearly from the townships of
Black River and Sheffield and \$2,
500 from the city treasury of Lo-
rain.It is also proposed that the mu-
nicipal judge shall be a qualified
voter and resident of either the city
of Lorain or of either of the town-
ships, at the time of his election or
appointment and shall have prac-
ticed law for a period of five years,
immediately preceding his qualifi-
cation for that office.Such judge shall be elected at the
first municipal election conducted
after the proposed act is in
effect, and he shall take office the
following January after said elec-
tion and shall hold office for a pe-
riod of four years, or until such
time as his successor is elected and
duly qualified.Jurisdiction
The municipal court shall have court.There are 43 sections contained
in the proposed bill being fathered
by Senator Burke and the rights
of all concerned are safeguarded
to a remarkable degree.The municipal court will practi-
cally have jurisdiction in all cases
now considered by the common
pleas court, with the exception of
cases wherein the title to real es-
tate is involved, in which cases the
municipal court shall certify the
proceedings to the common pleas
of Lorain County and all papers
and pleadings shall be filed with
the clerk of the common pleas
court.Introduces Bill
To Make Railroad
Crossings SafeCOLUMBUS, Feb. 2.—(Special to the Chronicle-
Telegram) Senator J. F. Burke introduced a bill in
the Senate this afternoon providing for an unobstructed
view of all railroad crossings in the State. This meas-
ure, if enacted, would compel the removal of trees, sign-
boards, in fact everything that would tend to obstruct
the view of the driver of automobile or any other vehicle
along sufficient of the right of way along a railroad, to
enable them to obtain a full view of the crossing he or
she is about to use.City Boards of Education Spend
Money in Order to Obtain MoreELYRIA, Feb. 2.—Under the
new school law which permits the
state to levy a tax of two and an
eighth mills for school purposes,
cities and townships whose tax
duplicate is sufficient to more than
take care of its needs along this
line, providing the local tax rate
for school purposes is what it
should be, must improve their
schools or the money which goes
into the general school fund of the
state, will go to school districts un-
able to make both ends meet.Ridgerville for instance loses
about \$7,000 per year under its
present school system, because that
amount is paid out in tuition for
students attending the Elyria
schools, whereas if they main-
tained a centralized school, operating
expenses could be reduced and the
money paid out for tuition would
be saved.As the valuation of the property
in Ridgerville township is high
enough to provide all the money
needed to operate the schools as
they are now conducted, the money
collected by the state goes to sup-
port other schools throughout
Ohio.Avon Lake, Carlisle, Sheffield
and other townships are losing
money under the new law, but Ely-
ria and Lorain, are voting in favor
of bond issues in addition to their
regular tax receipts in order to car-
ry on building programs and im-
proving the school systems in gen-
eral.Few school districts in the coun-
ty are spending anywhere near the
money spent by city school boards
and as a result the schools rank
low although any of them could
easily double their tax rates for
school purposes if they so desired.The Wellington village school
tax rate is now the highest in the
county owing to the fact that the
village recently erected a beautiful
high school building, although the
tax duplicate of the village is not
as large as it might be.Difficult Task
ELYRIA, Feb. 2.—City Auditor
Walter Guthman, is preparing a re-
port of the receipts and expendi-
tures for the year 1920 and inci-
dentally is adding a few gray hairs
to the ones which appeared after last
year's report had been completed.This job is the toughest one the
auditor's office is called upon to
complete and the office staff is glad
when the work is done.

HALPIN HEADS DAYTON TEAM

ELYRIA, Feb. 2.—J. E. Halpin, son of Councilman John Halpin, of this city, has been chosen manager of the snappy Dayton University basketball team. Young Halpin is twenty years of age, and graduated from St. Mary's school in 1916, and from Elyria high school in 1917. In speaking of the team the Dayton Exponent says: "University of Dayton is looking for a big season in basketball. The new athletic spirit that has taken hold of the school and the interest the student body is taking in rushing to the institution to the front is reflected in the response from the men for places in the basketball squad. Manager J. E. Halpin is to be congratulated on securing an excellent schedule, in being the stiffest opposition the squad has yet faced. With the material which is on hand the varsity is sure to be heard from during the winter at the cage game."

ASHLAND TEAM COPS CONTEST

ELYRIA, Feb. 2.—The Gala bowling team took quite a slump last evening when it faced the Ashland quintet and as a result of the poor work on the alleys at the Gala, lost the series to the visitors by the narrow margin of seven pins.

The pump makers bowled nearly as poorly as the local team, only three 20 scores being secured by both teams and as a result the total scores credited the bowlers were below the 2,600 mark.

The new pins which were used fell hard for both contestants and it was anybody's game until the final frame.

WAITE HOYT IS DUE TO COME INTO HIS OWN

Waite Hoyt, who, five years ago was signed up on the sandlots while a schoolboy by Jawn McGraw, will return to New York next spring as a rival attraction to McGraw's club. Hoyt went to the Yanks from the Red Sox a while ago in an eight-player deal. Hoyt didn't get started in the big show until he joined the Red Sox in 1919. Last year he had just a fair season—six victories and six defeats. This year, with a gang of managers to give him plenty of runs to work on he ought to deliver.

TEMPLE COLTS AND GALAS WIN

ELYRIA, Feb. 2.—Two more games were rolled in the City Bowling League Monday night, and some good scores were turned in.

At the Gala alleys the Moose had no trouble in defeating the Eagles, Baum being high man. At the Temple alleys a close battle took place between the Temple Colts and the Temples. Hull was high, coming within one pin of turning in a 600 score.

OLMSTED FALLS HERE SATURDAY

ELYRIA, Feb. 2.—Saturday night at 8 p. m. the local Y. M. C. A. team will stack up against the Olmsted Falls community team at a game of basketball, and they expect to add another scalp to their belt at that time.

The Olmsted Falls team comes herewith the reputation of having defeated some of the best teams in and around Cleveland, and have declared themselves as bound to win. It will be a battle worth seeing and a good crowd is looked for.

Last Friday evening the "Y" team, by a wonderful spurt in the last half, came from behind and won from the Port Clinton Athletic club 41 to 37. They have been putting in some good work at practice and should be in fast shape Saturday night.

Amherst Church Five Plays Double Header at Olmsted Falls, Friday

AMHERST, Feb. 2.—On Friday evening St. Peter's boys' and girls' teams will journey to Olmsted Falls, where they have a double game scheduled.

A large number of rooters will accompany them and the trip will be made by automobile.

BUSINESS CLUB AND FACULTY WIN

ELYRIA, Feb. 2.—A good sized audience was present to see the basketball game between the Business College and the High school faculty at the Y. M. C. A. gym. The Faculty proved too strong for their opponents, coming from behind and winning easily. However the Business College is improving and their team is developing fast.

The Young Men's Business Club played a strong game against the American Legion team. It was the Legion's first game and Richwine played the best game for them. They have a good team to develop.

MONDAY NIGHT'S FIGHT FAILED TO ATTRACT A DESERVING ATTENDANCE

LORAIN, Feb. 2.—An unusual small crowd of fight fans attended the fight show given by the Lorain Sports Club, last Monday night at the Lorain Opera house.

Fans of Lorain apparently do not appreciate a good boxing show and they proved it Monday night when they failed to turn out to the Alex Hart-Kayo Circus bout.

This fight proved to be one of the best ever held in the county, as both fighters fought clean and hard throughout the ten scheduled rounds.

You want a real cigarette that is full-bodied, with that good old tobacco taste. That's why we put Kentucky Burley heart-leaf in Spur.

A totally different kind of leaf is needed for that spicy, aromatic aroma. That's why we put rare and choicest selection of Macedonian leaf in Spur.

Then there is the leaf that has "life" and "sparkle" to the blend. That's why we put Golden Virginia in Spur.

And it is possible to make a cigarette that burns just right—yes, cool-burning. That's why we put Maryland-grown leaf in Spur.

Here's something out of the ordinary: a patented machine that cleverly fastens together the paper edges without using glue. It's a good idea! No paste means better taste, no glue means no crimp. That's why we crimp the Spur seam.

**THE TELL TALE
of Gray Hair**

To be judged ten years older than you actually are, is the tell-tale of gray, streaked hair, which detracts from a youthful appearance as much as a wrinkled face does.

Women, everywhere, prefer the easy, harmless "Brownatone" method that this gray, streaked, faded

or bleached hair, instantly, and without injury to hair or scalp, "Brownatone" imparts natural, lasting colors that defy detection. Does not rub or wash off, and requires just a few moments to apply. Guaranteed absolutely harmless. Druggists everywhere sell and recommend "Brownatone." Two sizes—25c and \$1.50 with easy, complete directions. Two colors—shades from "Golden to Medium Brown" and "Dark Brown to Black."

METHODIST MEN'S CLUB PLEASES CROWD WITH NOTED WELSH ORATOR

ELYRIA, Feb. 3.—Dr. Arthur W. Evans, of Wrentham, O., speech last night was spiced with the best and he started out with a brilliant stream of oratory that kept the people humping at the first and jumping at the last. His flow of the English language is amazing. His thoughts along the lines of American Democracy, Liberty and Freedom for all were freely expressed. He concentrated a great deal on patriotism that is not to be bragged with a brass band but that "true patriotism was the greatest sacrifice ever burned on any altar."

That a gentleman's first necessity was to "maintain his honor before the world the flesh and the Devil." He strongly advised against radicalism and evangelists who usurp by sensational advertising the place in the public that good preachers have made through years of strenuous work.

Humorous anecdotes served to keep the people in a general uproar and his interpretation of an Englishman at an American League game made a big hit.

Mr. Evans has covered in his studies and travels fifteen countries and in the last six months, thirty-eight states and quite a number of counties.

The Men's Club of the Methodist Episcopal church is to be highly recommended on its success in bringing such a brilliant and witty orator to Elyria and if the next lecture on its program affords as much entertainment it will be well worth planning to hear.

or bleached hair, instantly, and without injury to hair or scalp, "Brownatone" imparts natural, lasting colors that defy detection. Does not rub or wash off, and requires just a few moments to apply. Two colors—shades from "Golden to Medium Brown" and "Dark Brown to Black."

"NUMBER PLEASE"

By M. LE. GEORGE

From the many letters received, and the oral commendation received on the article of Picturize, Observe and Memorize, published in the January 29th issue of the Chronicle-Telegram, it is quite evident it met with the unanimous approval of the people. Almost every letter received, and they are coming in daily, state, the writers are practicing three essential elements,

Picturizing, Memorizing and Observing and are getting results. It is a pleasing fact to know that the merchants and The Temple theatre of Lorain sponsors for the publication of this feature have had more telephone calls and business inquiries since the first appearance of the feature than any time since they have been in business.

ed to publish their advertisements again. This will be the last appearance of this page but you may rest assured that whenever an educational feature of merit presents itself, it will be published. It is with a very cordial feeling of appreciation to those who have written and voiced their approval of this feature that sponsors of this feature extend their sincere thanks.

5. A concentrated effort a moment a day, will train the mind to such an extent in the course of a few months that, the results will be so complete, it will surprise the practitioner. You can describe in a clear manner events that heretofore would have passed without your notice and if you had noticed, you would have forgotten. A big aid in your conversation is to be able to Picturize, Memorize and Observe.

Screaming Farce to Be Shown at Rialto Monday Evening

ELYRIA, Feb. 3.—With its exceptional star cast "Nightie Night" the famous comedy that has been smashing box-office records in every city it plays, comes to the Rialto one night, Monday, Feb. 7, with the entire production as presented in New York and Chicago during the long runs in those cities.

This is the fifth and best of the New York Princess theatre successes to date, and for those who care to be wholesomely amused, it will long be remembered as the most enjoyable play presented in years. Seldom has a play sprung into success and popularity more

spontaneously than did "Nightie Night." The evening it opened at the Princess theatre in New York the audience was on its feet cheering, and the critics hailed it as the funniest play ever written. This success has followed it on tour many houses being entirely sold out before the company arrives in town, for contrary to what its title suggests, "Nightie Night" is not a bedroom farce, it is a scream from start to finish, a scream of delight by the audience, but the great charm of "Nightie Night" is its utter disregard of anything objectionable to the finer senses.

The complications are too many

TEMPLE THEATRE IS SCENE OF LAUGHTER

LORAIN, Feb. 3.—Those shell-rimmed, but glassless spectacles that Harold Lloyd wears in all his comedies, are not just a happy thought. They are a result of a study of the psychology of laughter.

Laughter and life are two of the commonest, simplest things. In its purest form, laughter is life. The more life, the more laughter. And in the weaknesses of human nature is to be found the most humor.

In life it is a laughing matter to see a dignified person lose his dignity, such as a minister stepping on a banana peel. It is a laughing matter to see an efficient person make a mistake—for instance, a deaf waiter spill the soup. Because at one time shell-rimmed glasses were always synonymous with learned people, such as professors or scientists, they acquired a dignity that even their present popularity cannot entirely dispel.

Worn by Harold Lloyd as his only makeup, they make of him a serious-minded youth, and accordingly magnify the humor to be found in any situation that impairs his dignity.

"Number, Please?" is now showing at the Temple theatre.

COLONIAL

"The Lovelight" ELYRIA, Feb. 3.—The announcement that Mary Pickford will be seen at the Colonial theatre beginning Sunday in "The Love Light," a gripping emotional drama, is one that is bound to prove of great interest to her thousands of admirers, since the "World's Sweetheart" announced her policy of avoiding the conventional and hackneyed forms of photoplay and try not only to advance herself but the motion picture industry as well, her productions have aroused new and unusual interest among the fans.

"The Love Light" is the story of a little Italian girl in an Italian fishing village among the cliffs bordering on the Mediterranean in north Italy. How the little girl presides over the family of her orphaned brothers, how a great tragedy comes into her life, the final realization makes not only an unusual story for the screen but is a startling innovation for Mary Pickford herself.

"Love" ELYRIA, Feb. 3.—"Scenario by Louis Joseph Vance." That's a magic phrase to find on the title of a motion picture production, for the noted author rarely devotes himself to the technical execution of a screen work.

The continuity of "Love" at the Colonial is a splendid example of dramatic construction, according to the critics who have viewed the new Louise Glaum Associated Producers' production in the projection room.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities commonly called uric acid deposits, are dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspaper. C. W. Phillips, Eberts Drug Store, Grandall's Pharmacy have been appointed agents for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.

DROPSY TREATED FREE

By Dr. Miles, the Great Specialist, Who Sends a \$3.75 Trial Treatment Free.

Many Report Cured After Doctors Failed.

At first no disease is apparently more harmless than dropsy, a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally great shortness of breath, cough, faint spells, sometimes nausea and vomiting, and a lingering and wretched death if the dropsy is not cured.

Dr. Miles has been known as a leading specialist in these diseases for 30 years. His liberal offer of a \$3.75 Treatment free to all sufferers is certainly worthy of serious consideration. You may never have such an opportunity again.

The Grand Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Para-Laxa for removing the water. This treatment is specially prescribed for each patient and is three times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

Send for Remarkable Reports of Cures.

All afflicted readers may have Book, Examination Chart, Opinion, Advice, and a Two-Pound Trial Treatment free. Write at once. Describe your case. Address: Dr. Franklin Miles, Dept. DA, 342 to 352 Franklin St., Elkhart, Ind. 2-8-24, 3-17.

Delightful New Vanishing Cream, Containing True Buttermilk Quickly Shows a Decided Improvement.

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first-class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

To get the best effect, be sure to follow the simple directions. Any first-class drug or department store can supply you and it costs so little that any girl or woman can afford it. Harry A. Crandall, Ebert's Drug Store, C. W. Phillips can supply you.—Adv. 2-3, 3-3

LATE STOCK REPORTS

NEW YORK, Feb. 3.—(WALL STREET NOON)—The market continued to be influenced mainly by prospects of higher rates for money, call loans repeating yesterday's opening quotations of 8 per cent. Oils, steels, equipments and shipwrecks extended their losses, declining 1 to 3 points from yesterday's final prices. Coppers and minor specialties including Coca Cola also yielded. A rally led by Texas and Pacific and Industrial Alcohol, effected recoveries of 1 to 1-2 points in General Asphalt, Mexican Petroleum and Atlantic Gulf. The rebound was of short duration however, the list falling back again before noon. Trading was narrow and limited chiefly to small individual transactions.

Arrest Boarder At Home

Police Say Crime Is One of Most Degrading Ever Coming to Their Attention

LORAIN, Feb. 3.—Charged with the criminal assault on a 14 year old feeble minded East 29th street girl, Pete Kowner is lodged in the Lorain city jail today.

Kowner was arrested last night by Chief of Police Theodore Walker and Detective Dave Beatty at 1027 West 17th street.

When he was arrested Kowner admitted the assault, say the police.

The girl told Lorain police authorities yesterday how the man, who had been a boarder at her mother's home had assaulted her several times. She described how the man had grabbed her while she was making his bed and assaulted her.

The mother, who is employed in a local hotel, made the complaint against Kowner to Police Chief Walker yesterday. The chief immediately started an investigation and the arrest of the man followed.

The crime is one of the most dastardly ever committed in the city of Lorain, according to Lorain police authorities. The girl is feeble minded and was not able to defend herself against the alleged assailant.

Musical Comedy at Rialto Saturday

LYRIA, Feb. 3.—A record of eight months in New York, and a successful run in Boston and Chicago, "The Girl in the Limousine" will open at the Rialto theatre on next Saturday for an en- gagement of one night only under the direction of A. H. Woods. It is the liveliest sort of a farce by Wilsa Collison and Avery Hop- wood, suitable to all tastes. The story of "The Girl in the Limousine" is laughable in the ex- tremes. A young society man is knocked senseless by a pair of footpads, robbed of all his posses- sions, including most of his cloth- ing, and left in a lady's boudoir while the lady is giving a large party to a number of her friends. The predicament of the young so- ciety man in trying to make him- self escape from the house and make excuses for his presence when discovered, make the many comparisons with which the farce abounds. The fact that a maiden aunt of the hostess arrives at a most inopportune time and be- lieves that the young man is really the husband of her niece, further mixes up the situation, particu- larly when it is known that the pretty hostess has a perfectly good husband of her own.

Mr. Woods has provided an un- usually fine company of farceurs including Harry Briggs, Thomas J. Evans, Harry Malloy, Daniel Stevens, Jane Eden, Helen St. Le- ger, Mary Dietl, Viola Scott and others. Mail orders now.

presented to the board for my con- tinuance in the work at LaGrange. I'm surely surprised at your carry- ing a write-up on such a situa- tion. I shall hold you responsible. Sincerely, O. T. JACOBS, Hotel Norwich, Columbus, O.

"It is probably the great- est nautical photo play ever produced."

Word has just reached me that your paper contained a damaging writeup concerning me in connection with my resignation and that of Miss Hutton at LaGrange. I have not seen the article, but a friend there is keeping a copy for me. I shall hasten to LaGrange to see the article. I'll hold you strictly accountable for this dam- aging article which I understand it to be.

I am assured by the board that no sanction was given such a re- port and that they are taking it up with you.

Remember such is very damag- ing, the sky only is the limit. I'm very sorry this has been done, for no other school man has back of him a better record than I in 24 years of service as a teacher and superintendent.

Both Miss Hutton and I resign- ed for the good of the school. I have been assured by leading school men that I did the logical thing that any other superintend- ent would have done under similar circumstances. I would not labor under such conditions, I do not have to do so.

My friends in main county are legion and they give me assur- ance of their standing by me to the finish. I have labored there as superintendent for six years and they know of me and my work.

It is gratifying to me to learn from the board this evening that a petition has been signed by al- most all the people of the town (a few enemies excepted) has been

14TH DISTRICT LOST MANY FARMS

ELYRIA, Feb. 3.—There were 12,378 farms in operation in Lorain, Medina, Portage and Summit counties comprising the Fourteenth Congressional District of Ohio, in 1920, as against 13,297 in 1910, a decrease of 917 in the decade, according to a report of the Census Bureau. Ohio in all reported 256,699 farms in 1920, as against 272,045 in 1910, a decrease of 15,346.

The following table gives the number of farms in the Fourteenth Congressional District in the years named

	1920	1910	1900
Lorain	3,425	3,586	3,660
Medina	4,018	3,159	2,978
Portage	3,406	3,591	3,557
Summit	2,529	2,959	2,871

12,378 13,295 13,066
The United States reported 644,098 farms in 1920, and 6,361,692 in 1910, a gain of 88,483 or 1.4 per cent in the ten years and 6,737,312 in 1900, the gain from 1900 to 1910 being 624,130 or 10.9 per cent.

A "farm" for census purposes is the land which is directly farmed by one person, either by his extra labor alone or with the assistance of members of his household or hired employees. When a landowner has one or more tenants, renters, croppers, or managers, the land operated by each is considered a "farm."

Plenty of Oil But No Pipe Line is Available

ELYRIA, Feb. 3.—Every venture has its drawbacks, according to a well known businessman of this city, who is interested in Texas oil wells.

He reports that while the wells in which he has invested his money are producing oil in paying quantities, owing to the demands made upon the pipe line companies leading into the district where the wells are located, it is impossible to sell the fuel oil which issues from the ground.

As much of it is being stored as can possibly be accomplished, then the only alternative offered the company is to cap its wells and wait until it can find a market for its oil.

Suppose if we were to offer our oil for sale at a lower price than is being paid for it at the present time, the pipe line companies would manage to handle our output, but as yet we are not ready to make them such an offer," was the way the oil magnate expressed his contempt for the pipe line companies in far off Texas.

Too Much Goodness

BY FLORENCE DAVIS

Wouldn't Mr. Aristotle chuckle with satisfaction if he were living today and had read the story of the New York woman who wanted to divorce her husband because he was so good she couldn't stand him.

It was Aristotle, you remember, who claimed that goodness is inevitably a matter of avoiding extremes. There is no virtue, he claimed, which, if carried to an extreme, does not become a vice. Did he, we wonder, even apply the rule to goodness itself? Memory fails as to contention that the case of a certain Mrs. Reese of New York, who tried in vain to get a divorce from the estimable Mr. Reese on the ground that he was so good he was "simply impossible."

Mr. Reese, it seems, was a "perfectly virtuous tyrant," but, as even such goodness as this falls on one, Mrs. Reese longed to breathe the free air of human frailty and occasional wrongdoing.

But the courts couldn't see it that way and doomed the poor woman to go on living with this paragon of all virtues for the rest of his days.

No outsider will ever know which one of this unhappy pair is entitled to the most sympathy, but from the meager newspaper bits of so much goodness and to share her probable unuttered desire to see the worthy Mr. Reese get mad just once and say "damn."

Of course, one only handles with words when he claims that there can be such a thing as too much goodness. For it was surely not the true goodness of her spouse to which the unhappy wife objected, half as much as it was to his own consciousness of that goodness and to his evident desire to make everyone else as good as he.

It was from the very tyranny of such virtue that she quite naturally wished to escape. For goodness untouched with humility, unsoftened by understanding and unswayed by tolerance can, indeed, defeat its own ends and goodness at all, but merely a certain ordered kind of behavior.

This surely isn't goodness, but a kind of arrogant morality, a blind observance of a rule which has little of the true spirit of goodness about it.

It probably never occurred to the excellent Mr. Reese even nature itself is flexible and that meekness is one of the fruits of the spirit.

"Toughy" Ramser To Try Comeback For Lightweight Title

LORAIN, Feb. 3.—"Toughy" Ramser, Loran star light-weight boxer, and at one time a contender for the lightweight championship of the world, will again enter the roped arena and will make a serious fight to again gain vantage at the top of the pugilistic ladder.

This announcement was made to the Chronicle-Telegram sporting editor this morning by Toughy, himself, and it is sincerely hoped that "Our Toughy" really will come back to the fold of star lightweights.

Has Started Training
It became known this morning that Ramser has been secretly training on a farm east of Lorain for over two months. He has not been doing any talking, but has been plugging away with might and main to get into the best shape possible before making his announcement.

And Ramser is in a No. 1 shape. His stomach is as hard as a rock and his face is thin, but not drawn. It is the face of a man who is in the best of physical health.

Toughy's skin is as brown as a berry. Hard work on the farm has made this possible. Every muscle in Ramser's body is hard and firm. Truly, Toughy means business this time when he says he wants to fight to win!

Going to Battle Creek
But Toughy will not stage his comeback in Lorain. Instead, he, with Clyde Kid Hellinger and Harry Blanchard, will leave Lorain on Monday morning for Battle Creek, Mich., where both Hellinger and Ramser will train at Blanchard's gym.

Ramser has already booked a bout. His first battle will be with Johnny Lewis at Toledo on the evening of February 28.

The bout for Toughy with this boy. Last year Ramser K. O'd

Lewis in the sixth round of a scheduled ten-round bout.

Since that time Lewis has been crying for a return bout. And Toughy will give Lewis that chance the later part of this month in a Toledo ring.

In taking Hellinger with him to Battle Creek, Ramser says he will make a new man of the Lorain lightweight who lost his bout to K. O. McLaughlin at the Lorain Opera House last Monday night.

Ramser blames the wet condition of Hellinger's corner for the Lorain boy's defeat. Ramser says that had Johnny Kibane headed his request to put more rosin on the floor, Hellinger would never have lost his bout.

Blames Wet Corner
Lorain fans will agree with Ramser. From the press box the sporting editor of the Chronicle-Telegram could see Hellinger slip on the wet spot in this corner. If the Cleveland boy cannot be blamed for taking this opportunity to land a K. O. punch to Hellinger's jaw.

Hellinger shows of what mettle he is made, when he asked Ramser, to take him with him to the Michigan city, where he can start all over again, to fight to the top of the pugilistic ladder.

Blanchard has a fully equipped gym in Battle Creek where the Lorain boys will be given every opportunity to keep into shape and live clean.

List of Victories
Ramser had fought and won from the following boys: Barney Adair, K. O.; Danny Ridge, Dec.; Terry McGovern, Dec.; Patsy McDonald, Dec.; Frank Motto, K. O.; Jimmy Reagan, K. O.; Cal Delaney, Dec.; K. O. Lewis, K. O.; Wright Morgan, K. O.; Chuck Magione, K. O.; Vincent Porkornie, Dec., and many others.

LORAIN HIGH ONE OF OHIO'S BEST QUINTETS

With Four Other State Fives Remain Undefeated So Far This Season

MANFIELD, Feb. 3.—Undefeated scholastic basketball teams in the state have been reduced to the minimum. While a number still have a chance to go through the season with a clean slate, there has been an upset in the hope in the games during the past week-end.

Lorain, Rayon of Youngstown, Ashland, Cleveland Lincoln and Toledo Woodward are the only quintets of regular class that have gone through the season undefeated. Lorain has a powerful team and again bids fair to cop the championship of the Northern Ohio league. Rayon has been able to slip by in each game but still has some strong teams to overcome.

Ashland is putting up a strong defense in each game and looks good to finish the season undefeated.

Woodward Tech of Toledo must always be reckoned with. This team put the Detroit champions, Cass Tech, down last week, and the victory marked the twenty-fifth consecutive wins in two seasons.

For teams have made a record comparable to this one. If the Toledo fives can get down Jackson and Battle Creek in the games under way this week-end, the Buckeyes can lay claim to the Michigan scholastic championship.

Scores of games played during the past week-end include these: Northern Ohio—Lorain 17, Fremont 12; Sandusky 29, Elyria 11; Ashland 26, Mansfield 23; Marion 20, Bucyrus 17; Lima South 21, Lima Central 21; Tiffin 26, Bowling Green 9; Fostoria 39, Findlay 13; Oberlin 28, Norwalk 13; Ada 31, Akron West 13; Toledo Woodward 25, Detroit Cass Tech 16; Akron West 26, Mount Vernon 25; Marion 33, Bellevue 26; Sandusky 23, Wellington 21; Canton 31, Barbours 21; St Ignace of Cleveland 27; Chagrin Falls 17; Rayon of Youngstown 14, Lakewood 14; Rayer of Youngstown 21, Massillon 17; Niles 19, Warren 7; Marion 45, Alliance 12; Mount Vernon 41, Akron South 15; Wooster 34, Akron North 13; Kenton 28, Gallon 13; Greenspring 35, Bloomdale 8; St Joseph's of Fremont 28, Lakeside 12; Port Clinton 27, Castalia 26; Pluffton 30, Alger 4.

Games scheduled for this week-end include the following: North Central Ohio League—Bucyrus at Mansfield; Marion at Delaware.

NORWALK TEAM HARD HIT BY INELIGIBILITY OF 3 STAR PLAYERS

NORWALK, Feb. 3.—Norwalk High school's basketball team is demoralized as the result of the barring of three varsity men, including Captain Kavanaugh, under the study requirement rule.

The Fremont contest is the only Little Big Seven game to be played by Norwalk this season. Norwalk has lost to Lorain and Oberlin has defeated Mansfield, Sandusky, Bellevue, Elyria and Oberlin. Followers of the team doubt if the outfit can be whipped into the hard fighting aggregation that represented Norwalk High earlier in the season.

Agony of Asthma

New Prescription Gives Instant Relief. Makes Breathing Easy.

Thousands of people suffer from Bronchitis or Bronchial Asthma who, having tried advertised remedies, inhalers, 'Patent smokes,' douches, doctors, changes in climates, etc., without permanent benefit believe nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass., physician to find a simple, harmless treatment that gave almost immediate relief in even the most stubborn advanced cases and great numbers of former Asthmatics have now used his treatment with wonderful success.

"The doctor's prescription is called Oxidaze and can be obtained from C. W. Phillips and leading druggists everywhere, who sell it on a guarantee of money back on the first package if in any case it fails to give prompt relief."

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take a dose of Oxidaze when going to bed and then can lie down and breathe easily and naturally and get a good night's restful sleep.

Oxidaze is a safe treatment, easy and pleasant to take and contains no harmful, habit forming drugs.—Adv

HAMILTON ASSOCIATION WILL HEAR PLANS FOR PLAYGROUND EQUIPMENT

ELYRIA, Feb. 2.—The meeting of the Hamilton School Parent-Teachers' association will be held on Thursday afternoon at 3:15 when Mrs. Cutting of Berea will be the speaker, her subject to be "What the Child Should Learn at Home," and all who have heard of Mrs. Cutting in the past will be anticipating another address by her.

Another feature of the meeting will be the presence of a representative of the Young Men's Business club, who will present the plans for the school playground equipment, which the Parent-Teachers' association is planning to supervise. A large attendance is anticipated owing to the interest and importance of the meeting.

GIVE EM TIME—W. PAGE
Time, of course, is the first aid to youth. There's nothing startling or original about that. Everybody knows it, but nobody seems to remember it.

Right after every vacation season when the family has had a little more time than usual to reflect upon Johnny and his apparent hopeless manners or obstreperous ways, the family brows contract.

"We must teach Johnny this or that," the older sisters exclaim, unless mother takes a hand in the discussion, admonishing them to "give him time."

Miss Frances Warner, writing in a recent issue of the Atlantic Monthly, evidently knows something about this. In speaking of family friction she says, with pleasant wit, "Reformers often find their hardest tasks taken out of their hands by time."

"Few brothers and sisters, however, are willing to trust time to work its wonders. There is a sense of fraternal responsibility which goes to do all we can for each other in a small way."

It is happy vein Miss Warner pursues the subject of "love's minor frictions" (as she terms these unimportant family differences), and robs them of all their sting, if, indeed, they ever had any.

In the light of time she shows us that such trifling differences and disturbances as are in the average family are in reality the evidence of affection rather than actual antagonism, and that as such, petulant youth yields to maturity, we all find a good deal of amusement in making the discovery.

But she does say in serious vein that the only thing which can make these minor frictions hurtful is the disproportionate importance which they can assume when treated as a major issue, or taken as an indication of dislike.

The actual friction is in reality, she says, often an indication of the opposite or actual dislike, "but at the moment the contestants would find it hard to believe."

Many a big return has returned from college or school filled with high resolves to reform the behavior of all her brothers and sisters and even her erring parents. After the lapse of years, looking back upon what one brother facetiously called his sister's summer course in manners, only a tender sort of amusement remains of what at that time was accompanied by many a wordy battle.

The great things to remember, according to Miss Warner, seems to be that such minor difficulties as are bound to occur should in no case be taken too seriously, and that the great check on the problem is the element of time.

MISS SOPHIA BONK IS MARRIED TODAY TO DOMINICK BASHINSKI

LORAIN, Feb. 2.—The church of Nativity was the scene of a pretty wedding this morning at 9 o'clock when Miss Sophia Bonk, daughter of Mr. and Mrs. Stanley Bonk of 1200 Broadway became the bride of Dominick Bashinski, son of Mrs. Victoria Bashinski of 330 13th street. Rev. Fr. A. A. Radzicki officiated. The church was beautifully decorated with ferns, palms and cut flowers. An arbor of flowers formed a setting where the bride and groom stood.

The bride was attired in a white satin creation with all over lace, the tulle veil held in place by a miniature brides bouquet of roses, and lilies of the valley. She carried roses and lilies of the valley. A sister, Agnes Bonk was a bridesmaid and was dressed in pink georgette and carried pink roses. Rose Poterals was also a bridesmaid and was dressed in white georgette and carried pink roses. Mike Papa served as best man. Ralph Matia also stood up. Their photographs were taken at the Wright studio.

The bride is a member of the young Ladies Sodality and is a member of the Church of Nativity. She is well and favorably known among the younger society set.

Mr. Bonk like his bride, is well known and is a member of the Eagles lodge. He is employed by the Plisner Brick company.

Following the wedding an elaborate wedding dinner was served, which was attended by one hundred intimate friends and relatives of the bride and groom.

The couple will reside with the bride's parents at 1200 Broadway.

EMINENT MUSICAL CRITIC SPEAKS ON CHURCH MUSIC

ELYRIA, Feb. 2.—The February church at home of the First Congregational church on Thursday evening in the Gates room at 7:30, will add another to the delightful occasions of the present year under the title of church-at-home. Devotional and social values will be enhanced by an unusual musical treat in the form of a talk on Church Music, Its Place in the Life and Worship of the Church, by Prof. Dickinson of Oberlin, eminent as author and critic in his chosen field. One of the finest Victorrolas in the Hubert Day collection has been promised and Prof. Dickinson's records will be played, covering some of the most distinguished examples of church and choral music. Prof. Dickinson adds this comment: "Instead of a talk on church music with musical illustrations, I prefer to think of my program as examples of church music with comments sufficient to indicate the general idea of the use of music in religious worship, and the history of its progressive changes. Not only parish members, but the general public will be cordially welcomed. Unusual interest and value is promised in the occasion."

Many a big return has returned from college or school filled with high resolves to reform the behavior of all her brothers and sisters and even her erring parents. After the lapse of years, looking back upon what one brother facetiously called his sister's summer course in manners, only a tender sort of amusement remains of what at that time was accompanied by many a wordy battle.

The great things to remember, according to Miss Warner, seems to be that such minor difficulties as are bound to occur should in no case be taken too seriously, and that the great check on the problem is the element of time.

SARES-SABO WEDDING IN WESTERN HEIGHTS DRAWS LARGE CROWD

ELYRIA, Feb. 2.—The wedding of Miss Jessie Sabo and Joseph Sares in Western Heights on Saturday afternoon at 3:30 was one of the prettiest events in the social calendar of the Heights for many seasons.

The marriage service was read in the Hungarian Reformed church, the pastor, Rev. A. S. Kallassy, officiating.

The bride wore a beautiful gown of white satin trimmed with lace and pearls, with full length veil of tulle, attached to the hair with a wreath of orange blossoms and carried an arm bouquet of white lilies. She was attended by twenty flower girls and the groom by twenty flower boys as is the native custom of Hungary when prominent people are wed.

Miss Esther Papp was chief flower girl, or bridesmaid, and wore cream georgette and carried pink roses, and Joseph Sares was chief flower boy, or the groom's first attendant.

Immediately following the service at the church, the bridal party and guests gathered at the Settlement house, where a session of merry-making and dancing, taking the form of the customary Hungarian marriage celebration, was observed, every picturesque detail of the ceremony of the native land of their forefathers being carried out. A Hungarian orchestra from Lorain furnished the music.

At six o'clock a sumptuous four course dinner was served, which was attended by many prominent Elyrians, among whom were Mr. and Mrs. George Stevens, Jr., Mrs. Starr Faxon and Mrs. Ruth Ely, the bride having been employed for some time at the home of Mr. and Mrs. George Stevens, Jr., on Broad street, and by her faithful sweetness of personality had endeared herself to her employers, as well as to her associates in the Settlement, where she was an active and ardent worker in all activities for the betterment and Americanization of her people.

Joseph Sares, the groom, is also one of the prominent social leaders of the Settlement, and is an efficient blacksmith by trade, and he and his bride will take up their residence in Western Heights.

WHISKERS

But why do I tell you, little Billy, all this sad story?" continued the lion. "Because I can see that while you are as afraid as I am of me, you are still sorry for my sufferings. When about a year old, I was strong for my age, I was brought to America, sold to this show, and here I have been ever since."

Home-made Remedy

Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about 50¢.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use 1½ cups of molasses, honey, or corn syrup instead of sugar syrup. If desired, thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is nothing better to be had at home. It goes right to the spot, and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon brings about a complete cure. Splendid for bronchitis, croup, hoarseness and other ailments.

Pinex is a highly concentrated compound of Norway pine extract, and is guaranteed to break up any cold, cough or croup. Guaranteed to break up any cold, cough or croup. Guaranteed to break up any cold, cough or croup.

To avoid disappointment ask your pharmacist for "2½ ounces of Pinex" and get the quick, lasting relief.

brought to America, sold to this show, and here I have been ever since."

The other things he said, Billy Whiskers would never try even to repeat. They were too dreadful. His one hope seemed to be that he might some day break out of his cage when a great crowd of people were before it, spring upon him and kill right and left until he should feel that he had paid off the score of all his wrongs and sufferings.

Billy tried to comfort the lion for he was truly sorry for him. He realized what a magnificent beast he was and what a wretched life it must be shut up all the time in one little cage. He told him, however, that it would be wrong for him to visit his wrath on the innocent people who came to admire him if he ever succeeded in breaking out, but that he would be justified in dealing with the wicked king as he saw fit if he were ever able to get his claws on him.

Billy then sadly said farewell, for although all this conversation had taken place in the animal language in much less time than it takes to tell it, he now felt that he must hasten on, as there was still much to see and hear.

Turning about, Billy discovered that the cage of the big African lion was just opposite the place, near the center of the tent, where the elephants were stationed. So Billy went to look at them, hoping for more cheerful things than the stories of the wolf and lion.

There was even a larger crowd standing around the elephants than in front of the lions' cage. It took Billy a minute or two to wriggle his way through. While he was doing this as quietly and gently as he could, for you can well believe that he was on his good behavior, a little thing happened that came near upsetting all his calculations and bringing to an untimely end the adventures of this red letter day at the circus.

Without in the least intending it, he brushed against the skirts of a young lady, who, with her best dress, was taking in the sights. She glanced down to see what the trouble was and, of course, discovered our Billy. Not knowing him and being very much excited anyway, she jumped to the conclusion

that one of the wild beasts had escaped and that she was about to be eaten alive. But instead of running as you and I would have done, she shut her eyes and gave a little squeal and then tumbled over.

SEAMEN'S ACT DETRIMENTAL

That the Great Lakes shipping interests have been seriously hampered by the workings of the seamen's act is becoming more evident daily, and those who are in a position to know are aware that the law has placed costly restrictions upon lake shipping. It has driven several shipping lines to the wall, and throttled the prosperous tourists' trade from lower lake ports. It rendered useless several harbors which are longer points of call and robbed lake seamen employment.

The inquiry into the activities of the United States shipping board has shown a sinister British influence in the affairs of our salt water trade. We are loath to believe, and do not believe, that this same influence has had a hand in lake shipping. Yet it is clear that the seamen's act stands throws a distinct advantage to Canadian shipping. By a little adjustment in routing the Canadian passenger craft can pick up a great deal of the trade which has been lost to the American vessels. Their competition north of Huron will be, not with the American boat, with American railroads. And north of that point are communities upon the lakes which are entirely without railroad service. If they are inclined to pick up the gift, the Canadians have a trade that comes to them without labor or the working of wires or anything else except the trouble of seeing to it that Canadian port is visited between every two American ports.

If the passenger and package freight business of the Great Lakes is to be saved to the United States, the seamen's act will have to be repealed. We understand that the lake seamen are willing to join the lake vessel owners in such a movement. Their livelihood is now directly affected. Success will largely depend upon how the sailors of the salt water trade are willing in the interest of their comrades as well as how much Congress can be induced to see the gravity of the situation.

A NEW ROOSEVELT COIN

A bill has been introduced in Congress providing for the coinage of a two-cent piece. It is suggested that the coin carry the picture of Theodore Roosevelt.

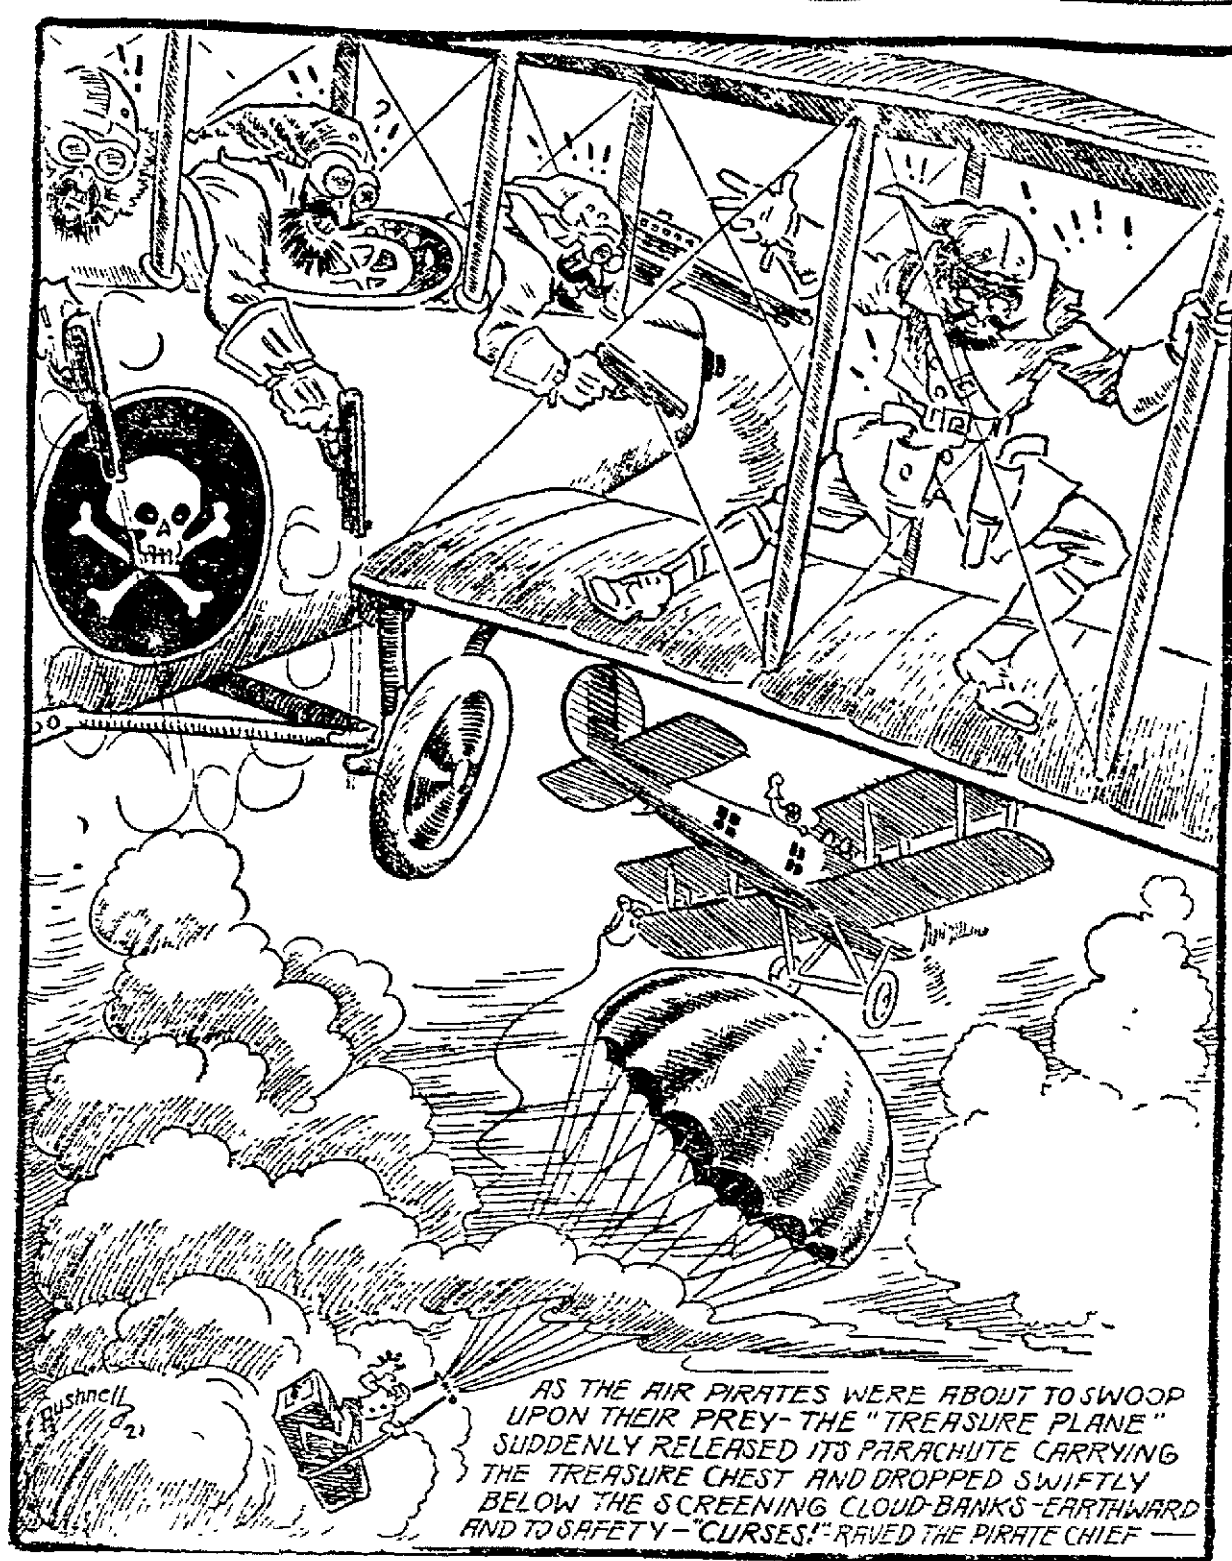

The plan to honor one of the greatest of all Americans in this way is an excellent one. But it would be more practical and the memorials would lose none of its value if the coin were a three-cent piece instead of a two.

Years ago argument was brought to bear for the coinage of a two-cent piece on the ground that it would be particularly convenient in the purchase of newspapers. The argument is no longer good. There is no reason to believe that a great number of daily newspapers will ever be sold again for two cents. Certainly not at the cost of print paper continue to soar while in other lines decline. A three-cent piece in pocket will be far more convenient than a two-cent piece. The case is not one in which newspapers alone are involved. Though prices have decreased in some degree, it still requires a long time for a long time at least three times to equal the old time purchasing power.

Parents need no longer feel disappointed at the arrival of homely baby girl for she may grow up into a pretty woman if she learns to be artistically.

A mortal man never had a more vivid imagination than the fellow who alleged that two cents are cheaply as one.

Procrastination may be the thief of time, but at least puts off carrying a gun until some other period.

X-RAYS

A day or two ago
I was talking
With a prominent school man
And during the conversation
He made the assertion
He would bet a hat
He could tell every boy
Who had smoked a cigarette
Before school hours.
What is your system?
I asked the instructor,
"First, their odor,
Second, their eyes,
Third, their stupidity."
The school man asserted
That he would never fail
To pick out the fellows
Who smoked the weed.
This set us to thinking
And we wondered
If the boys themselves
Realized this condition.
I am of the opinion
That a lot of youngsters
Would hate to believe
That they were offensive,
That their eyes were dull
Or that they were stupid.
"But," some fellows will say,
"There are many smart men
Who smoke the cigarette."
True enough boys, true enough,
But you must not forget
That a MAN and a BOY
Are two different animals.
One is fully developed,
The other is far from it.
The youngster is growing.
Physically and mentally,
He needs his entire energy
To develop his mentality
And his physical make up.
Lay off the weed, boys,
There's no argument for it.
There are hundreds against it.
It isn't clever,
It isn't manly,
It isn't necessary.
If you must smoke—
Hit the pipe—
Or smoke a cigar,
There's more satisfaction
And more keen enjoyment
Without the bad effects.
"Excuse my preaching"

But if there is one thing

In which I am interested

More than in any other thing

It's in the young manhood

If this great land.

I Thank You.

40 Years Ago

ELYRIA, Feb. 2.—The severest storm of the season raged in this county and city. The snow came down heavily and the wind blew hard drifts that tied up traffic completely and paralyzed business. The thermometer then dropped to six below zero.

S. B. Sprague, for many years express agent, resigned his position and went into the grocery business where the Park View restaurant now is.

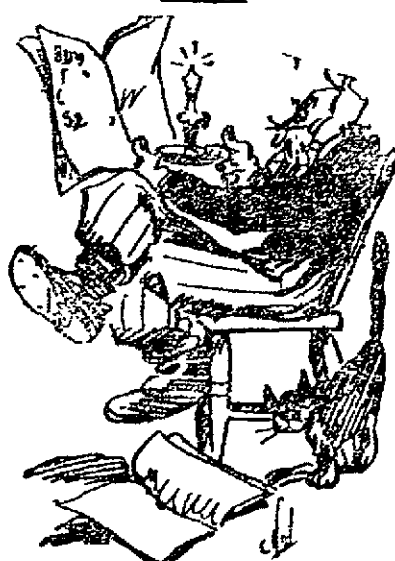

The Disciples of Christ announced that they would hold their first service in Elyria on Sunday, with Elder T. D. Garvin of Cincinnati, as the speaker. They were to occupy the old M. E. church on Second street.

Edward A. Cary of Elyria, was very successful in Boston and vicinity as a concert pianist. Eastern papers praised his work very highly.

Josiah Hurst, one of the best respected citizens died at his home on Fourth street in his 70th year.

The new M. E. church was dedicated on Sunday. Rev. Dr. Ridge-way of Cincinnati, delivered the morning address, and the pastor, Rev. I. H. McConnell also spoke briefly. Short talks were given by Rev. John McLean, Dr. Hard, Rev. E. H. Bush and Presiding Elder Mather. Over \$8,000 was raised on the indebtedness.

OBSERVERS

COLUMN

ELYRIA, Feb. 3.—Dick Smith, of Guenn Brothers grocery store, is an ideal clerk, according to "Chip" Guennin, as long as his serene young life is not disturbed by the clanging of the fire bell.

The second song at Central station informs the world that the services of the department are in demand in some section of the city. Smith forgets his calling and as a fireman body and soul, ready to give battle to the devouring elements.

Grocery orders go by the board, while he dashes to the fire station to ascertain where the blaze is located, then his thoughts revert to green goods and staple articles and he resumes his work.

VENTURES in COMMON SENSE

E. P. HOWE

In every mother's talk to her children, she includes the importance of thrift. We have as much contempt for the spendthrift as we have for the drunkard. Life is a very serious business; we know savings is as important as industry or politeness or fairness; it is an essential part of life, this saving your money and avoiding becoming a public or private charge in your old age. We know that the man who saves a reasonable part of his money is the most useful citizen; he is most likely to contribute to worthy things. He rarely gives as generously as the soliciting committee demands, but he gives something, which a man who has saved nothing cannot do. Every development in the history of the country is due to thrift; men; men who work diligently, and save something. We all know these things. Then why do we so generally abuse those who have taken the advice of their mothers? Yet we do not say a wanton is better than a virtuous woman. When we say to a boy: "Become a good man," we mean thrift as much as we mean fairness, politeness, industry, temperance. When we say to a girl: "Become a good woman," we include the hope that she will be chaste, chastity is thrift; good conduct for its own sake.

Anti-Toxin Furnished Free to Rich and Poor Alike, Says Dr. G. E. French

ELYRIA, Feb. 3.—There seems to be some misunderstanding on the part of residents of this city, in connection with the furnishing of anti-toxin in cases where diphtheria exists in the home.

No one need pay for anti-toxin, according to Health Commissioner George E. French, unless they so desire, as the State Board of Health has ruled that rich and poor shall be treated alike as far as anti-toxin

is concerned, as every effort must be made to stamp out this disease at the earliest possible date. Heretofore this serum had been provided in indigent cases free of charge, but now anyone may demand it from their physicians and the Board of Health will honor the bill, so no one need have any fear of being classed as an indigent if they follow this procedure.

"WILD MAN OF THE MISSISSIPPI," WIFE AND INFANT INTERESTING SOCIOLOGISTS

Albert Parsons, his fifty-year-old wife, and the two-year-old baby they brought with them to civilization.

Efforts of Mississippi officials to identify the two-year-old baby brought to civilization by Albert Parsons, "wild man of the Mississippi," and his fifty-year-old wife, who, he says, he caught in a bear trap twenty-three years ago, say the girl is the child. Parsons says he is twenty-two. He looks older. His mind, however, is almost normal. For years residents near the bottoms had heard of a "wild man" in the section, but had never seen him. Parsons and his wife were forced to leave their old black in the bottoms because of high water.

Dr. Evans Knows America From British Viewpoint Speaks Here Tonight

ELYRIA, Feb. 2.—What America means to me?

You probably don't think much about your Uncle Samuel's government, but had you spent the first twenty-four years of your life in England—and then had come to America for ten years of extensive study and travel—you might have some interesting conclusions concerning our own particular democracy.

Arthur Waiwyn Evans, the distinguished Welsh orator who is to lecture here on the evening of Wednesday, Feb. 2 at the Methodist church has some mighty interesting and pointed things to say in his lecture. He has absorbed a wider knowledge of men and affairs than the average person gets in a lifetime. He tells in this lecture in plain, fearless terms, what is wrong with us here, and happily, optimistically, and convincingly, he also tells us what is right with us here. The lecture will stir your patriotism and you will go home prouder but not "cheatier."

"America means to me," has been a most popular lecture in this country on account of the double-sided viewpoint which is given to it by Mr. Evans. He is a brilliant star of the platform and one of the most popular lecturers in America today.

Dr. Evans is under contract with the Affiliated Lyceum Bureaus to deliver at least two hundred lectures a year up to and including the year, 1923. This is said to be the most remarkable contract in many respects, ever written, but it is a splendid testimonial to the worth of this remarkable young orator. It is an astounding fact that wherever Dr. Evans lectures, there is almost invariably an earnest request for a return date.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

N. RIDGEVILLE GRANGE PLANS NEW BUILDING

RIDGEVILLE, Feb. 2.—Ridgeville Grange, 2155, held its annual meeting Tuesday evening Jan. 24th, with a large attendance. The business order was called to order by the worthy master Frank Mason.

A note-worthy undertaking has been tackled by the Ridgeville Grange in endeavoring to secure a location for building a new hall. A building committee of seven has been appointed and what is hoped for is a new building that will be in every respect adapted to the needs of the community.

A resolution of sympathy was extended to Mr. W. Wallington.

The Ridgeville Grange has lost one of the most beloved members in the death of Chas. Tecman, who recently passed away after a lingering illness. She was a faithful patron and will be missed by all the members.

The minstrel show put on by the grange on the last evening of the institute, brought into creditable

evidence the fine talent possessed by this subordinate, and netted the grange over one hundred dollars. Miss Agnes D'Lloyd was appointed captain of the first and second degree team.

At the conclusion of the business meeting the third and fourth degrees were conferred upon a class. The efficient degree team under the leadership of Mrs. G. M. Terrell, put on the work in attractive shape and always insures a large attendance on the night of degrees are to be conferred. An oyster supper was then served, which was delicious and will never be forgotten by the participants.

CHICK HARLEY HERE IN PLAY FEBRUARY 8TH

ELYRIA, Feb. 2.—Local High school students will have an opportunity of seeing many of the most promising students of Ohio State University in the musical comedy "Oh Mr. O'Har," to be presented at the Sacred Mask Club at the Elito Theatre, Elyria, on February 8th.

The central figure is Charles W. ("Chic") Harley, who is easily the best known student of the present time. Three years right half on the Buckeye eleven, in his latter year, he holds the distinction of being one of the few four-letter men in

Big Ten Universities. He made letters in football, basketball, baseball and track work. He is a member of Sphinx, Men's Senior Honorary Society and Toastmasters.

Next to Harley comes "Pete" Stinchcomb, a popular. Besides being a successful and noted half-back, he possesses membership in the Sphinx and Bucket and Dipper.

Harry B. Reese, who carries the role of leading lady, was president of the Men's Student Council, the highest elective of for on the campus, until the past week, when he was succeeded by Stinchcomb, who received the unanimous vote of the student body.

Ravmond Zim, the junior leading lady, is president of the Junior class.

All the performers have been chosen for their ability to carry their particular parts. Many have original and peculiar. A vein of rich comedy runs through the play, which abounds in clever songs, witty dialogues and racy choruses.

HURON'S STEEL PLANT PROJECT LOOKS LIKE GO

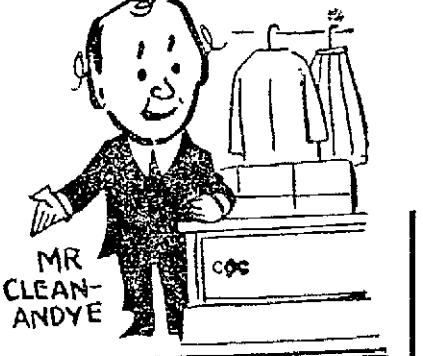

HURON, Feb. 2.—That work on building the first unit of the Huron Steel plant would be commenced early this spring seemed practically assured following an enthusiastic mass meeting between 150 taxpayers and Cleveland officials of the company here. The officers were President, F. W. Mettler; vice president, Conroy; Secretary, Miller; Plant Superintendent, Ingraham and Attorney Laughlin.

After outlining this program, he asked for a vote from the citizens. A unanimous endorsement of the proposal was given, and the officials left for Cleveland satisfied that the plant would soon be an actuality.

As the company's option on the proposed site expires April 1, work must be commenced before that time. It is estimated that about 500 men will be employed in the construction of the plant. Pipes and conduits will be manufactured in the first unit, later expanding into blast furnaces.

OLD HOMESTEAD COMING TO RIALTO
ELYRIA, Feb. 2.—Like a page from an old chronicle will be the announcement of the engagement of Denman Thompson's beloved play, "The Old Homestead" dear to the hearts of three generations and once more fresh and sweet as a wild rose blooming in a country hedge.
Augustus Pitou, Inc. are bringing the production to the Rialto one night, Thursday, Feb. 11, with a splendid company of actors, stage settings of beauty and realism in rural effects, tuneful music by a double quartet, a country dance, with the old fiddler "calling off" and all the delightful memories of former productions in all their homely appeal.
William Lawrence will be seen here as Joshua Whitcomb, the cheerful, sunny, warmly human character, which he has portrayed over three thousand times.
"The Old Homestead" is a play that grows better with years. Generation after generation have witnessed the play with untiring satisfaction and those of the newcomers who have not yet made the acquaintance of the folks down at West Swansy, New Hampshire, should not miss seeing it.

HAROLD LLOYD In "Number Please"
Boston Woman Lands Harold Lloyd, "Number Please," Now Playing at Temple, Lorain
Local Critics Consider New Picture His Best
LORAIN, Feb. 2.—Writing to the Photoplay editor of the Boston Herald, an enthusiastic feminine fan, unburdened her sentiments regarding screen comedy in general and Harold Lloyd in particular. She wrote:
"If I am unfortunate enough to arrive in the middle of the feature picture and I must willy-nilly sit through a Charles Chaplin or a Mack Sennett comedy in order to see the decent play I came to see, I squirm, I suffer mental tortures, I shut my eyes when the chase is on. In fact, I took my seat the other day and left so late in my newspaper while I waited for the feature picture. And yet, there are those who can laugh at such banalities!"
"A comedian I enjoy very much, and who has happily graduated from slapstick, is Harold Lloyd. He keeps you guessing all the time and he is original enough to be really funny. I love Mildred Davis, too; she enters into his sport with so much enthusiasm and camaraderie. Didn't you enjoy 'Haunted Spooks' and 'High and Dizzy'?"
This is only one of the many expressions of pleasure over the Lloyd comedies that reach Harold Lloyd and his producer, Hal E. Roach, and their distributor, Pathe. It is the sort of approval that convinces them they have found the true comedy spirit of the silent drama. "Number Please?" the new Harold Lloyd comedy, showing at the Temple theatre, Lorain, exemplifies their ideas.

Laughing Hit of Season at Rialto Theater Monday

Warren Lyons, Mildred Wall, Floy Murray and Hugh V. O'Connell, four noted funmakers in "Nightie Night" proclaimed the most laugh provoking show in the world, coming to the Rialto theater Monday night, Feb. 7th, with the same all star cast that has been shattering theatre records for business everywhere.

ELYRIA, Feb. 2.—One of the biggest laughing hits of years comes to the Rialto one night, Monday, Feb. 7. Seat sale opens Saturday, Feb. 6, when "Nightie Night" makes its awaited appearance under the personal direction of Adolph Klauber.

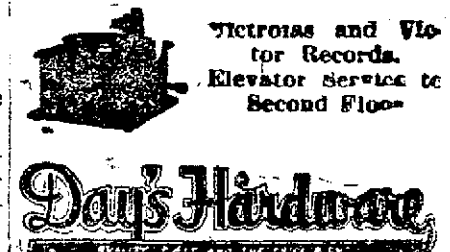

It was many years since New York took so completely to any play as it did to "Nightie Night." Over 300,000 people saw this production during its year it played to capacity houses at the New York Princess Theatre, and it has not been estimated how many thousands more have seen it on its tour this season, an unbroken success, which is due, no doubt, not alone to the sparkling quality of the wit and humor, but also to the excellence of the cast, for the original company is the one on tour and which will be seen here. Adolph Klauber's first production of this season in Elyria will be awaited with more than the ordinary interest, for the producer put forth his greatest effort in the attraction, sparing no expense in the settings and in recurring themes in the play, fully realizing

that the time had come when people were not going blindly to the theatres, that they were becoming discrete in their selections, and the only plays that made a success were those giving full money value. To this end also, Mr. Klauber has arranged with the management that a pre-war scale of prices be introduced, to conform with the tendency of the times to reduce the H. C. L., so that Elyria is to see this production just as played in New York but at reduced prices.

"Nightie Night" was written by Martha M. Stanley and Adelaide Matthews, who in this cleverly devised play have placed their characters in the most uproariously funny situations, and then gracefully extricated them from their predicaments. The smart, bright and a laugh with every pathos with Billy Zoliat, the young husband who gets into difficulties because he tried to do a good turn for an old friend—unfortunately a beautiful woman—but made the mistake of not telling his wife about it at once.

LUMBAGO GET R-S-L-B

A great purifier, a guaranteed remedy for Rheumatism, Stomach, Lumbago or Blood Ailments. Give it a trial and be convinced. Sold by C. C. Bowers, druggist, 318 Broad St., Elyria, Phone 2484 or write The Jones Remedy Co., 3115 Central Ave., Cleveland.

THE SCARECROW SHOWING AT COLONIAL

ELYRIA, Feb. 2.—From a weirdly marvelous, rural bachelor apartment down to the erratic roles of a hermit of the fields, Buster Keaton the sober faced comedian of the silver sheet, slaps his way through two reels of flippant fun in "The Scarecrow" his latest smile reel at the Colonial theater now.

As in his previous sidesplitters, "One Week" and "Convict 13" the wearer of the comical mantle of humor in "The Scarecrow", revolving at a high speed.

The comedy itself bears that stamp of artistic slapstick which marks all the Buster Keaton smile reels. Through the whizzing atmosphere of jangling bachelor life in a trick apartment, where every modern convenience is double-faced and nothing is what it seems, to the final amusing and salubrious windup, Buster Keaton is shown in his best mirth getting style.

"The Scarecrow" has a tooth-pick plot in which Buster under the urge of winning the favor of a farmer's fair daughter is forced to go through many acrobatic whimsicalities to beat out his bitter rival big Joe Roberts, and overcome the rural antipathy of the girl's father. His disrobing journey through a threshing machine is an uproarious feature. The swiftly moving, mirthful love yarn is finally brought to a happy but unexpected conclusion through the opportune assistance of a handy scarecrow.

"The Scarecrow" is replete with new features and gives Buster Keaton plenty of chance to put the blackbirds of gloom to flight in his bounding career of whizzbang love while his contortions as an unnatural, nature fakir furnish a continual scream.

MUSICAL COMEDY COMES TO RIALTO THEATER SATURDAY EVENING

ELYRIA, Feb. 2.—"Took the lid off the laughs" is what the new York Times wrote of "The Girl in the Limousine" the successful farce which had a run of over eight months in New York and scored a sensation in Boston and Chicago. Of course it then follows that A. H. Woods is the producer and that Wilson Collison and Avery Hopwood are the authors. And the circle is made complete when you know that the following are the farceurs who present this piece: Harlan Briggs, Thomas J. Evans, Dan N. Malloy, Daniel Stevens, Jane Iden, Mary Diehl, Helen St.

Leger, Viola Scott and others. It will be shown here at the Rialto theatre on Saturday, Feb. 5, for an engagement of one night only. Mail orders now.

'News Notes

Here is our newest photograph of that amusing little screen comedian, Flora De Haven, wife and co-star of that versatile actor, Carter De Haven. The De Havens are numbered among the most popular of present day screen comedy dramas. They are now making their first independent production for First National. Their first feature is "Twin Beds" and the second will be "The Girl in the Taxi." Both Mr. and Mrs. De Haven enjoy the unique distinction of having played in the stage as well as the screen version of these famous plays.

"LADIES MUST LIVE"

George Loane Tucker—who is always identified with the description of "producer of 'The Miracle Man'"—has completed arrangements for the forthcoming exhibition in New York of his latest photo play, "Ladies Must Live," adapted from Alice Duer Miller's story.

"THE MONEY MASTER"

Sir Gilbert Parker's first original photo play written at the Lasky studio, where he has been studying photoplay technique, is "The Money Master," in which Alice Hollister and James Kirkwood will play the leading parts. Sir Gilbert will give active assistance to George Melford in filming the story.

Tells How to Make Idle Hens Produce Money in Winter

"When I began using Don Sung in December, I was getting only 2 or 3 eggs a day from 50 hens. With in three weeks I was getting from 3 to 4 dozen a day. I shall never be without Don Sung."—Jermima Hedges, R. F. D. 1, Shumway, Ill.
This 3 or 4 dozen eggs a day, at winter prices, was almost clear profit. Your hens should do as well. It's no trouble to use Don Sung and you risk nothing by trying it under this offer.
Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.
Don Sung is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.
Don Sung can be obtained promptly from your druggist or poultry remedy dealer, or send \$1.04 (includes tax) for a package by mail prepaid. Burrell-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

SMALLPOX SITUATION AT SULLIVAN UNCHANGED

WELLINGTON, Feb. 2.—The small pox situation in Sullivan has not improved any in the last few days. Many new cases have been developed and quarantine has been placed on these families. The schools and churches are closed.

The cause of the increase in the number of cases is believed to be the too early removing of the quarantine on those recovered from the sickness. This is to be regretted very much as everything has already been closed for some time.

SHE WASN'T SICK, BUT HER CHILDREN WERE

Six Months of Care and Worry Were Too Much for Her.

GOT THIN, NERVOUS, TIRED

Her Brother-in-Law, a Doctor, Said She Was Anemic, and Advised Pepto-Mangan.

Here is a story of a strong, vigorous mother who never knew what ill-health was. But three years ago her two little boys got into the habit of being sick.

Six months of care and worry were too much for her and brought to light the fact, that, with all her apparent vigor, she really was anemic. She lost flesh, couldn't sleep well and got nervous.

Then the doctor (her brother-in-law) prescribed Pepto-Mangan.

She said, "Fred explained a lot about the special sort of iron-content in Pepto-Mangan, and a lot of other things that I don't understand, but what I do understand is that a bottle of Pepto-Mangan is always going to be in my medicine chest as long as I live. Whatever it contains, I don't know or care, but I do know that it builds me up when I get run down, and that's enough for me."

Gude's Pepto-Mangan is an absolutely dependable red-blooded builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommended Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists. Adv. 1t

AMHERST PLANS TO SPEND \$10,000 ON ITS STREETS

COUNCIL DISCUSSES ESTABLISHING LICENSE FOR TAXI DRIVERS, POOL ROOMS BOWLING ALLEYS AND PICTURE SHOWS — NEW ELEVATOR CO. GETS PERMISSION TO CROSS STREET WITH RAILROAD TRACK

AMHERST, Feb. 2.—The village council held an important meeting last evening at which time considerable business was transacted. The ordinance committee was ordered to prepare legislation for submitting a bond issue for \$10,000, the same to be utilized for general road improvement.

Two ordinances were passed. The first, a regular monthly salary for street commissioners; the second, the salary for police official.

The council next ordered the cemetery committee to have a blue print made of Crown Hill cemetery in order that eventually a marker for the lot can be placed.

A license fee for taxi drivers, pool rooms, bowling alleys and picture shows was discussed.

The ordinance committee was ordered to investigate what other cities are doing in this respect and report at the next meeting.

Three representatives of the Farmers' Co-operative association were present at the meeting.

Permission was requested to lay a track across Franklin street from the N. Y. C. tracks to the corner of Hazel and Franklin streets.

The council agreed to grant this permission provided they would sign a contract that if at any time Franklin street should be paved the association would finance paving between the rails. Also to save the village all expense from accidents which might occur.

Sickness or Health?

The wonderful accomplishments of man were never more pronounced in the annals of history than when the world-famous Dr. Palmer originated the science of Chiropractic.

This Wonderful Science

Has proven a godsend to thousands upon thousands of suffering humans who were afflicted with every known malady and who in numberless recorded cases were given up as hopelessly incurable by other professions. I do not claim Chiropractic adjustments are infallible, but I do say to you that where sickness exists, no matter in what form or at what stage, Chiropractic adjustments will help you materially.

Just What Chiropractic is and How it Brings Relief

Chiropractic adjustments are the result of a careful study of the human anatomy, its construction and working co-ordination. When all is said and done, the body is nothing more or less than a perfect machine, being operated by that great unknown thing called Nature. When the nerves and their passages are unobstructed, Nature's health-producing energies have full power, and health exists in the body. When there is a blockade or obstruction of the nerves, disease quickly enters. The Chiropractor removes all obstructions from the body, and Nature restores your health.
